DUPLICATE OF APPLICATION PAPERS

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Attn: Office of Initial Patent Examination

Sir:

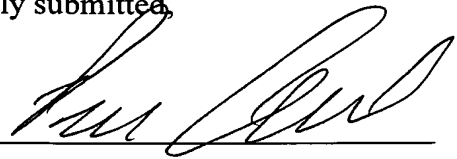

During a recent telephone inquiry of the status of the above-captioned application, Ms. Valerie Kinard of the Office of Initial Patent Examination informed that the Image Data Capture process has failed for said application and that a duplicate copy of the application papers needs to be submitted. Attached is a copy of the as-filed application papers along with a copy of the Return Receipt Postcard on which the PTO confirmed the receipt of the attached on July 16, 2003.

It is noted that the as-filed application transmittal papers were signed in the original submission (Applicant's representative does not have signed copies in its file). In addition, the presently-submitted copy only has the front page of the Japanese priority application that was submitted in the original filing (Applicant's representative does not retain the full version in its file). Applicant's representative will obtain and provide another full version of the Japanese priority application upon request.

The issuance of the Notice to File Missing Part is respectfully awaited.

Respectfully submitted,

Date January 14, 2005
